Good Morning!

In today's turbulent economy, conducting a simple credit check for your prospective tenants will not provide you with enough information to make the best decision to protect your investment.

- Big companies are going bankrupt and disappearing
- There are and continue to be massive job cuts and layoffs
- Unemployment is at a 16 year high

Before you approve tenants, you must conduct a thorough check on their employment status to be certain they can afford monthly rental payments. Now is the time to modify your screening program to include verification of employment.

ATS, Inc. wants to help you make your tenant screening easy and legally compliant!

For this quarter add employment verification to your order for just \$5.95 each! For example if you typically order a Protector package simply add an individual employment verification. [Clip this coupon and send it in to get credit on your account.](#)
